## Using the TASC mobile app

With the TASC mobile app you can track and manage your MoneyPlus accounts and access helpful tools, anywhere at any time.

Before you can use the app, you must establish account access online. Refer to the **Account Access** flyer at [www.SCMoneyPlus.com](http://www.SCMoneyPlus.com) for details.

Once you've completed the sign-up steps, you can download the app and sign in using the same credentials.
